

REDCLIFF REVIEW

VOLUME 2

REDCLIFF, ALBERTA, FRIDAY, AUG. 2, 1912.

NUMBER 31

MAY LAVELLE SEVERELY BURNED

Clothing Caught Fire While Working Around a Stove Last Wednesday Night.

In taking a kettle off the stove at the residence of Mrs. Ragor, 124 Brenner street, Medicine Hat, last Wednesday night, May Lavelle, the 11-year old daughter of Mr. and Mrs. Patrick Lavelle, of this city, had her clothing catch fire in some manner and was badly burned. When Mr. Ragor reached the little girl a few seconds after her clothing was a mass of flames. The girl was so badly frightened that she got away from Mrs. Ragor and rushed to the street. As there was a still breeze blowing her clothing was practically all burned from her body. Mrs. Ragor rushed to the street with a rug and throw it about the child's body and carried her into the house. Dr. Gershwin was immediately called and dressed the burns and later she was taken to the hospital. Her parents were notified of the accident and went to Medicine Hat to be at her bedside. While she is badly injured about the body she will recover but will be laid up for some time.

She had been staying with Mrs. Ragor several days and was preparing herself for the first communion which she expected to take shortly at St. Patrick's church, Medicine Hat.

DENY RIGHT TO INTERFERE

Washington, D. C., July 30.—The right of Great Britain to have a voice in legislation for the control of the Panama canal was denied in the senate yesterday by two advocates of the measure to give American coastwise shipping the preference in canal tolls. Senators Bradley, of Kentucky, and Massey, of Nevada, contended only that the United States had the right under the treaty to regulate its own affairs, but that the purchase of the canal zone removed the entire subject from international control.

Will Investigate Canadian Methods.

The English government has appointed Sir George Asquith of the board of trade, to proceed to Canada to make an investigation into the working of the industrial dispute act with a view to its possible application in Great Britain.

OWN YOUR OWN HOME

We will build a home for you at 10 per cent. above the contract price, on lots owned by you and to which you have title. If you wish you can make your own deal with contractor and you can pay us for your home as follows: One-quarter cash; balance on easy monthly payments with interest at 8 per cent.

REDCLIFF REALTY COMPANY, Ltd.,
REDCLIFF, ALTA.

REV. WORKMAN OCCUPIED PULPIT

Last Sabbath a large and appreciative audience in the Presbyterian Church listened to a very instructive and practical sermon by the Rev. Mr. Workman, of Manchester, Indiana, on "Christian Confidence."

Rev. Mr. Gordon will preach on next Sabbath evening, at 8 o'clock, the subject of his discourse being "The Golden Altar and Its Sacrifice." All are welcome.

Opens Office in Medicine Hat

Dr. R. R. Stoner, of the Redcliff Realty Company, opened an office in Medicine Hat on the corner of the new street, the Stoner Agency and will do a general real estate business. This office will be under the direct charge of Doctor Stoner, who will be in the office in the morning and return to Redcliff at night. The doctor will pay particular attention to Redcliff property, acting as the agent of the town site owners.

FEAR CANADA'S GIFT WILL NOT BE AS IT SHOULD.

LONDON, July 31.—The Daily Mail, venturing editorially with Canada's second gift, says that there is today a serious risk that the little navy party may use any gift of dreadnoughts by the Canadian people to reduce the aid to British shipbuilding. It is even possible, continues the Mail, that this may be trading on Canada's generosity at the present time if the gift is not a real one for evening out the balance which ought to have been paid from the year, and the whole object of the Canadian government will be nullified. In fact, the competition in armaments by giving that Imperial navy a decisive superiority, it is pointed out, is the real object of the Canadian government will be nullified. In fact, the competition in armaments by giving that Imperial navy a decisive superiority, it is pointed out, is the real object of the Canadian government will be nullified.

MEXICANS HANG TWO AMERICANS.

Mexico City, Aug. 1.—Two Americans were hanged near Cuernavaca, Sonora, within the last 48 hours. Their bodies were found yesterday and the incident reported to President Madero by the governor of Sonora. The governor has ordered an investigation into the case. The two men were executed by the state in order to prevent American intervention. The victims have been identified.

To Establish Large Number of Creameries

Edmonton, July 31.—A. F. Mackay, of Toronto, B. C. McLean and T. B. Miller of Red Deer, are in the city planning to establish about 60 milk and cream factories in various parts of the Dominion, with the view of developing the milk and butter industry of the western provinces.

MAKE LARGE AMOUNT OF BRICK

Brick & Coal Company Are Turning Out a Big Supply of Fine Brick.

The Redcliff Brick & Coal Company turned out over 2,000,000 brick in the month of July, an average of nearly 200,000 a week. This is the largest output in any one month since the plant has been running.

The brick are being shipped out just as fast as they are being made and the output of the company for the next two months has been sold and will be shipped just as soon as they are ready for shipment.

The company are building a large number of new kilns and making extensive additions to their machinery, which will greatly enlarge their capacity and at the commencement of next year's business will be able to take care of a much larger demand. There is hardly a town in Western Canada where Redcliff brick and when a Redcliff man is visiting any town in Western Canada, from Winnipeg to Vancouver he can see buildings built of the products of Redcliff. Some of the largest brick buildings in Winnipeg, Regina, Moose Jaw, Saskatoon, Prince Albert, Swift Current, Medicine Hat, Calgary, Edmonton, Lethbridge, Red Deer and Vancouver are built of Redcliff brick and the handsome looking buildings in these towns are a big advertisement for the brick company and for Redcliff.

Refuse to Repeal Reciprocity Act

Washington, D. C., July 30.—The house today refused by a vote of 127 to 107 to agree to the senate's amendment to the Reciprocity bill providing for the repeal of the Canadian reciprocity act.

Liquor Drinking Forbidden.

New York, July 30.—As a result of an investigation conducted by the superintendent of the Delaware, Lackawanna and Western railroad, following the recent disastrous wreck at Conning, N. Y., an order was issued today to the employees of the transportation service forbidding the use of intoxicating liquors, either while off or on duty. All cases of employees directly connected with the movement of trains are prohibited from using their time while off duty in any manner that may result in the safe, prompt and efficient performance of their duties. This rule is particularly to warn who might spend their time off playing cards.

Will Try to Get Canadians to Settle in Australia

Sydney, Aug. 1.—N. B. W. Nelson, formerly minister for lands, who represented the New South Wales government at the Chicago Irrigation congress afterwards conducted an investigation into the irrigation methods of the United States. He found a report in which he says that the "water cost" of Australia is much more than in any part of the United States.

First Race Won by Canadian Yacht

Toronto, July 30.—The Canadian yacht "Narva" won the first race for the George cup, beating Watertown, the American boat, by three minutes.

BREVITIES

Mrs. David Broadfoot, with her daughter, Miss Elythe, and her young son, returned to Redcliff last Sunday night, after spending about three weeks at their summer cottage at Gull Lake.

Dr. R. R. Stoner, purchased a new 48 horse power 5-passenger Mitchell automobile this week. This makes five fine machines in Redcliff, which is going soon for a town of 700 inhabitants.

Mr. H. O. Wheeler, who expected to leave for the States last week, was unable to do so on account of business. He is uncertain now when he will be able to get away.

Mr. W. T. Lockwood returned to Redcliff Wednesday morning from Shelby and Great Falls, Mont. He reports that the company's new drilling machine is working in fine shape.

Mr. H. M. Sampson, of the Imperial Bank, leaves tonight for two weeks' vacation. He will visit Saskatoon, Edmonton and other points. Mr. Dingwall will have charge of the bank while Mr. Sampson is away.

Rev. and Mrs. W. E. J. Gents, of Minneapolis, visited with Mr. A. W. Woodcock last Saturday and Sunday.

Mrs. Wright, wife of Mr. J. W. Wright, former of the Imperial Iron Foundry, arrived in Redcliff last Friday. They are stopping temporarily at the Redcliff Hotel but expect to go to housekeeping shortly, taking the house now occupied by Mr. Geo. Thompson and family, who will move into their new residence in a week or ten days.

Several Redcliff citizens journeyed down to the Hat Tuesday night to ride the bull moose of the new Moose lodge which was organized in that town on the afternoon night. About 150 charter members were enrolled.

Mr. E. C. Danesh, of the Redcliff flour mill, left last Saturday for a short visit to his old home in Minnesota. He is expected back in Redcliff next Monday.

Mr. F. P. Woodcock, manager of the Clay Products company, is visiting at his old home in Preston, Minnesota. He also expects to spend a few days in Minneapolis and St. Paul.

To Subsidize Canadian Northern

Prince Albert, Sask., July 30.—The Dominion government has offered to guarantee the bonds of the Canadian Northern line from Prince Albert to the new terminus, Hudson Bay, near High Lake, was the statement made yesterday by Hon. Frank Cochrane, minister of railways, who arrived in the city night before last and was yesterday entertained by the city council and board of trade to a trip in Lac Seul Falls by river.

THE GREAT POLITICAL FIGHT IN THE U. S.

It is the General Opinion at Washington that Gov. Wilson Will Be Elected President.

Washington, D. C., July 29.—The Democratic party are confident of victory in the presidential campaign which is about to begin and which ends Nov. 5. The Democrats are united, while the Republicans are troubled with factions, which threaten to disrupt the party. It is generally believed that the fight will be between Gov. Wilson, the Democratic candidate, and Col. Roosevelt, the candidate of the Progressives. Notwithstanding the handicap under which he runs, the colonel is expected to make a better showing than President Taft.

The Democratic leaders and many Progressives are of the opinion that President Taft will not carry to exceed three states. Some of these go so far as to say that the President will not pull a single electoral vote. They also state that he is expected to be reasonably certain for Taft at this time are Utah, Vermont and Rhode Island.

The total vote in the electoral college is 531; necessary to a choice, 269. Presently Republicans under normal conditions, 185; Democrats, 190; doubtful 207. The Republicans to win must get 112 doubtful votes. The Democrats to win must get 97 doubtful votes. The Wilson leaders insist that a majority of the votes cast by the Progressives will lead in their column, allowing themselves California and two or three other far western states. The Democrats also figure on capturing a majority of the so-called doubtful states, such as New Jersey, Indiana, Connecticut, West Virginia and Maryland. Most Republicans leaders concede Wilson the states of Nebraska, Colorado and Nevada which have 10 electoral votes.

Will Soon Occupy Their New Homes

Mr. A. J. Leamonth and Mr. George Thompson, who are each building new residences on First street east and which are nearing completion, will soon occupy them with their families. These two houses are very attractive residences and a creditable addition to the city.

Mr. Leamonth will move into his in two or three days and Mr. Thompson will occupy his about the 10th of this month.

Mrs. Borden To Christen Ship.

London, July 29.—Mrs. Borden will christen the Canadian Australian steamship Niagara on Aug. 17, breaking a bottle over its bows. The Niagara will be the largest vessel plying between Australia and the American continent.

To Seek Peace With Italy.

Constantinople, July 30.—The new Turkish ministry received a vote of confidence in the chamber of deputies today after it was announced that the government was willing to enter into peace negotiations with Italy. The government was sustained by a vote of 113 to 42 after the grand vizier decided that the government would resign unless parliament gave its sanction to the program.

Retaliate for Recent Seizures

Vancouver, B. C., Aug. 1.—Six fishing boats, all of which had some unlicensed, alleged to have been in American waters, were seized Wednesday off Point Roberts by an American revenue cutter and towed into Blaine, Wash. The men aboard them, most of whom belong to Vancouver, were released, but the boats are held at Blaine. From Seattle comes the information that the seizure was made in retaliation for the recent seizure of the Canadian fishing vessels, which have taken a number of United States vessels.

WHAT TO SAY ABOUT REDCLIFF

Redcliff is situated on the main line of the C. P. R., 173 miles east of Calgary, on the banks of the Saskatchewan river.

Natural gas is probably Redcliff's first and greatest asset—meeting the requirements of as great a demand as may be made for manufacturing purposes.

Working coal mines on both sides of the river, and immense deposits cropping out yet unexplored.

Brick and other clay products are manufactured extensively and additional enterprises for this line of industry are in contemplation.

The business houses and hotels are practically all of brick—limestone product.

Slits made about, tests of the best of Alberta's wheat are being made for grain making.

Industrial sites are donated to new enterprises.

Surrounding territory is in the heart of Alberta's wheat belt, and there are no more prosperous farmers in the world than here.

REDCLIFF ALREADY HAS a flour mill that will grind 75,000 bushels of wheat per month or 930,000 bushels per year.

A large ornamental iron works that expects to employ 150 men before the 1st of September.

Two plants for making brick and clay products, the demand for which is increasing constantly.

One protestant church.

A fine, new, thoroughly modern brick school house.

An excellent gas lighting system, and mains laid throughout the city.

An assessed valuation of \$40,000 and a municipal tax levy of six mills.

As fine a three-story modern brick hotel as there is in the west.

A perfect system of water works—water pure as the mountain springs.

The first building erected in Redcliff was April 31, 1910, just two years ago.

Synopsis of Canadian Northwest
Land Regulations.

Any person who is the sole head of a family or may make over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-

Agency for the district. Entry by proxy may be made at any agency on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six month residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$2.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to own homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$2.00 per acre. Duties—Must reside six months in each of three years from date of purchase and cultivate fifty acres extra.

Coal—Coal mining rights may be leased for a period of twenty-one years renewable at an annual rental of \$1 per acre; not more than 2,000 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

Customs Receipts Still Growing

The volume of Customs receipts to expand at a rapid rate. The customs receipts for July totaled \$9,715,228. Not only is this record for one month but the increase over the corresponding month last year, namely \$6,501,025, is a record one. The volume for the Dominion customs promises to run over \$1,000,000 so far this fiscal year.

Contributes \$10,000 to Campaign

See Girl, N. J., July 31.—Gov. Wilson announced Tuesday night that William J. Bryan had contributed \$10,000 to the Democratic national campaign fund, addressing the contribution to See Girl. Mr. Bryan accompanied his check with a personal letter which was not made public.

Large Stool of Wheat

Lethbridge, July 28.—One of the largest stools of wheat ever exhibited has been received at the International Dry Farming Congress office from D. E. Harris, of Cardston, Alberta, having 100 spikes. This enormous number of spikes is thought to establish a new world's record, for Dondlinger, a wheat authority, says that in the observations of experts only as many as 52 spikes have been observed in a single stool. There are other authorities, however, who credit the finding of as many as 200 in Northern Africa and Italy, but Dondlinger, in commenting thereon, says it is probable he "was seeing with the eyes of an enthusiast."

This stool of wheat will be used in the decorative work of the Dry Farming Exposition to be held here in October.

Notice!

The Village Council requests bids for laying two thousand (2,000) feet of plank sidewalk and two (2) street crossings of forty-eight (48) feet. For plans and specifications call at the office of the secretary-treasurer or see notices posted in conspicuous places.

HOW ABOUT THE TELEPHONE EXCHANGE.

On Monday, April 1st, Mr. A. J. Richards, superintendent of the Provincial Telephone system was in Redcliff and after a conference with the business men of this town he promised to exchange here. That is just four months ago and as yet there is no sign of an exchange being installed, except that the commercial agent was here about the 1st of June and took the contracts of those wishing telephones. It doesn't look now as if we were to get an exchange before now. We have 18 telephones now on one line connected with the Medicine Hat exchange with 18 different calls, and during business hours is constantly ringing and has become a nuisance instead of a convenience to the business men of this town. We have one large manufacturing plant employing 75 men which has no telephone connection and who receive several out-of-town calls a day and who have to depend upon the courtesy of those who have telephones to call them, which is a loss of time to the party having the phone as well as to the party called. It seems to us that the provincial authorities in charge of the telephone system could move a little faster and provide us with an up-to-date telephone service. There are 15 people in this town who are anxious to get telephone service but are unable to do so on account of the delay in installing an exchange here. This is not as it should be and does not speak well for government ownership of the telephone system in the hands of a private company we would not have this delay, as it is a well known fact the private companies move faster than the government in the matter of serving the public and while in some instances the corporations owned telephones cost a little more, the service is much better.

In making this criticism of the telephone system as it affects us here the Review wishes to say that it has no political axe to grind, but is simply voicing the protests of a large number of people in this community.

War Talk Not Unfounded

Quebec, July 31.—Sir William Mackenzie was very busy on the arrival of the Royal Balmoral this afternoon. Referring to the naval discussion, he said that his visit had convinced him that there was more in the present war talk than many people realized.

Regina Asks for Big Loan.

Ottawa, July 31.—The Regina delegation which is in the capital striving to obtain a million dollar loan from the Dominion government for the reconstruction of the city, failed to gain an audience today with Hon. W. T. White, minister of finance. The minister was called from the capital. The delegation expects to confer with him tomorrow, however.

PREFER ROBUST BURGLAR TO A CONSUMPTIVE.

London, July 27.—"For my father I'd rather have a robust burglar than a consumptive baboon," Fred. Smith, of the University of Minnesota, told the International Eugenics Congress today. The professor said he did not agree with the view that man is simply the highest mammal and that the breed can be improved by stock farm methods.

"So long as men love beauty, and women love strength, the human instinct won't go for wrong," he asserted the Eugenics.
